XIII Conclusion

The University of Kerala is persistently following a well planned strategy to maintain and upgrade all spheres of its activities to make itself a Centre of Excellence, especially in the field of research. Projects proposed under the auspices of Government of Kerala, ie. Establishment of a Science Park, Translational Research Centre etc. is on the anvil and hence more capital expenditure is needed for catering the needs of new research and development activities. Along with the introduction of Four Year Degree Courses in the Affiliated Colleges, more Departments in the University campus are planning to start Four Year Degree Courses.

To meet the challenges in future in addition to Government funding, which is a major share for the developmental activities of the University, all possible measures will be initiated to supplement this funding by exploring other sources of revenue through the introduction of Translational Research Labs, Innovation hubs and Startup Incubators. Every possibility will also be made to explore the potential of Alumni Fund, CSR Fund etc. which would become a regular flow of income to University to meet its future infrastructural needs.
