

FACULTY OF COMMERCE

Scheme and syllabus for the First Degree Programme in Commerce under the Choice Based Credit and Semester System (CBCS)

(To be introduced from 2014 admissions)

The First Degree Programme in Commerce is designed with the objective of equipping the students to cope with the emerging trends and challenges in the industrial and business world.

Eligibility for admission

Eligibility for admissions and reservation of seats for the First Degree Programme in Commerce shall be according to the rules framed by the University from time to time. No student shall be eligible for admission to the First degree programme in Commerce unless he/she has successfully completed the examination conducted by a Board/ University at the +2 level of schooling or its equivalent.

Registration

Each student shall register for the courses in the prescribed registration form in consultation with the Faculty Advisor within two weeks from the commencement of each semester.

Duration

The normal duration of the First Degree Programme in Commerce shall be three years consisting of six semesters. The duration of each semester shall be five months inclusive of the days of examinations. There shall be at least 90 working days in a semester and a minimum 450 hours of instruction in a semester. Odd Semester (June-October) commences in June and Even Semester (November – March) commences in November every Year.

Programme Structure

The First Degree Programme in Commerce shall include:

1. Language courses
2. Foundation courses
3. Core courses
4. Complementary courses
5. Open/ Elective courses
6. Project

Language courses include 4 common courses in English and 2 courses in an additional language chosen by the student. The student shall choose any one of the following additional languages offered in the college: Malayalam, Hindi, Tamil, French, German, Russian,

Arabic.

Foundation courses include 2 courses which are compulsory basic courses. Foundation course one aimed at providing general education on Environmental studies and foundation course two aimed at providing basic education on general informatics and cyber laws.

Core courses include 16 compulsory courses in the major subject and complementary courses include 4 courses in the allied subjects.

There shall be two open courses. The students attached to the Department of Commerce can opt one course from their Department and another from any one of the other Departments in the college. The open course (1) in the 5th semester is a non- major elective open to all students except to the students from the Department of Commerce and the open course (2) in the 6th semester is an elective course in the major subject offered to the students of the Department of Commerce. In addition to the 2 open courses, the students shall choose any one of the additional elective streams with 4 courses in each stream, which is also compulsory as part of the First Degree Programme in Commerce.

All students are to carry out a project work either individually or in a group of not more than 5 under the supervision of a teacher. The project work may commence in the 5th semester.

The student secures the credits assigned to a course on successful completion of the course. The student shall be required to earn a minimum of 120 credits including credits for language courses, foundation courses, core courses, complementary courses (as the case may be), project and open/ elective courses within a minimum period of six semesters for the award of the Degree excluding credits required for social service/ extension activities. The minimum credits required for different courses are given below:

Courses	Credits
Language courses	22
Foundation courses	5
Core courses including project	61
Complementary courses	12
Open/ elective courses	20

	120

	CO 1661.7	Management of Foreign Trade
	CO 1661.8	Advertising and Sales Promotion

Notes:

1. Each candidate has to choose an elective stream which contains four courses, one each in the third, fourth, fifth and sixth semesters.
2. The open course offered in the fifth semester is an elective course for students from the disciplines other than Commerce. He/ She can choose any one among the courses offered in that group as part of his/ her course of study.
3. The open course offered in the sixth semester is an elective course for students from the commerce department and each student has to choose any one among the courses offered in that group as part of his/ her course of study.
4. Of the five instructional hours per week allotted to the elective stream Computer Application, 2 hours per week shall be for theory and 3 hours per week shall be for practical. The practical records shall be prepared, duly certified by the teacher concerned and countersigned by the Head of the Department shall be produced at the time of practical examination and viva -voce. Of the 4 credits given to each of the Computer Application courses in the third, fourth, fifth and sixth semesters, 2 credits shall be for theory and 2 credits shall be for practical. The maximum marks for evaluation of the practical examination shall be 80 marks, distributed among the following components of evaluation:
 - (i) Output of the Practical - 50
 - (ii) Practical Record - 15
 - (iii) Viva-voce - 15

All courses included under foundation courses, core courses, complementary course, open and elective courses shall be handled by **teachers in Commerce**

An industrial visit cum tour for not less than five days form part of the course of the study for regular students during 5th/6th semester. A report of the same must be prepared

and kept in the college.

Social Service/ Extension activities

Students are to participate in Extension/ NSS/ NCC or other specified social service, sports, literary and cultural activities during 3rd / 4th semester. These activities have to be carried out outside the instructional hours and will fetch the required one credit extra over and above the minimum prescribed 120 credits.

Audit courses (zero credit)

The students are free to do additional courses (skill based, vocational courses) prescribed by the University outside the 25 hour weekly instructional period. These courses may be taken as zero credit courses.

Attendance

The minimum number of hours of lectures, seminars or practical which a student shall be required to attend for eligibility to appear at the end semester examination shall not be less than 75 per cent of the total number of lectures, seminars or practical sessions.

Evaluation

There shall be Continuous Evaluation (CE) and End Semester Evaluation (ESE) for each course. CE is based on specific components viz., attendance, tests, assignments and seminars. The CE shall be for 20 marks and ESE shall be for 80 marks. The marks of each component of CE shall be: Attendance – 5, assignment / seminar – 5 and test paper -10. The teacher shall define the expected quality of an assignment in terms of structure, content, presentation etc. and inform the same to the students. Due weight may be given for punctuality in submission. Seminar shall be graded in terms of structure, content, presentation, interaction etc.

The allotment of marks for attendance shall be as follows:

Attendance less than 51%	-	0 mark
51 % - 60 %	-	1 mark
61 % - 70%	-	2 marks
71 % - 80%	-	3 marks
81 % - 90 %	-	4 marks
91% and above	-	5 marks

Assignments/ Seminars

Each student shall be required to do one assignment or one seminar for each course. The seminars shall be organized by the teacher / teachers in charge of CE and the same shall be assessed by a group of teachers including the teacher / teachers in charge of that course.

Tests

For each course there shall be at least one class test during a semester. Valued answer scripts shall be made available to the students for perusal within 10 days from the date of the test.

End Semester Evaluation (ESE)

End Semester Examination of all the courses in all semesters shall be conducted by the University. The duration of examination of all courses shall be 3 hours. In the case of the course in Computer Application, the duration of the examination shall be 3 hours for theory and 90 minutes for practical examination.

Evaluation of Project

The report of the project shall be submitted to the Department in duplicate before the completion of the sixth semester. There shall be no CE for project work. A Board of two examiners appointed by the University shall evaluate the report of the project work. The viva – voce based on the project report shall be conducted individually. The maximum marks for evaluation of the project shall be 100, distributed among the following components of project evaluation.

i	Statement of the problem and significance of the study -	10
ii	Objectives of the study	- 5
iii	Review of literature	- 5
iv	Methodology	- 15
v	Analysis and interpretation	- 15
vi	Presentation of the report	- 10
vii	Findings and suggestions	- 10
viii	Bibliography	- 5
ix	Viva-voce	- 25
	Total	<u>100</u>

Promotion to Higher Semesters

Students who complete the semester by securing the minimum required Attendance of 75% and by registering for the End Semester Examination of each semester conducted by the University alone shall be promoted to the next higher semester.

SEMESTER - I

Foundation Course I: CO 1121 – ENVIRONMENTAL STUDIES

No. of instructional hours per week: 4

No. of Credits: 2

Aim of the course: To develop knowledge and understanding of the environment and enable the students to contribute towards maintaining and improving the quality of the environment.

Course objectives:

1. To enable the students to acquire basic ideas about environment and emerging issues about environmental problems.
2. To give awareness about the need and importance of environmental protection

Module I: Environmental studies – meaning – scope – importance (4hrs)

Module II: Ecology and Ecosystems, Biodiversity and its Conservation, and Natural resources – meaning of ecology – structure and function of an ecosystem – producers – consumers – decomposers – energy flow in the ecosystem – ecological succession- food chain – food webs and ecological pyramids . Ecosystem – concept– types of ecosystems – structure and functions of forest ecosystem, grass land ecosystem- desert ecosystem, aquatic ecosystem. Biodiversity and its conservation- introduction- definition- genetic, species and ecosystem diversity- value of biodiversity – biodiversity at global, national and local levels – India as a mega-diversity nation – hot-spots of diversity – threats to diversity – conservation of diversity in situ, ex-situ. Natural resources- features- air resources, forest resources, water resources, mineral resources, food resources- energy resources, land resources- over exploitation of natural resources- consequences- conservation of natural resources- role of an individual in conservation of natural resources (25 hrs)

Module III: Industry and environment - pollution – environmental pollution – soil pollution – air pollution – water pollution – thermal pollution – noise pollution – causes, effect and control measures – waste management – waste minimisation through cleaner technologies – reuse and recycling - solid waste management. (18hrs)

Module IV: Social issues and environment – Unsustainable to sustainable development – urban problems related to energy – water conservation – water harvesting – resettlement and rehabilitation of people – environment ethics – waste land reclamation – consumerism and waste products. (15 hrs)

Module V: Human Population and environment – population growth – variation among nations – population explosion – environment and human health – human rights – value education – Women and child welfare. (10hrs)

Note: :All students must visit a local area to document environmental issues and prepare a brief report on the same identifying issues involved and suggesting remedies.

8. *Insurance Regulatory Development Act 1999 and other relevant Acts.*

Elective Course III: Stream 5 - Computer Application

CO 1461.5 - SOFTWARE FOR DATA MANAGEMENT

No. of instructional hours per week: 5 (2 hour theory and 3 hour practical)

No. of credits: 4

Aim of the course: To update and develop theoretical and technical expertise in applying software for data management.

Course objectives:

1. To familiarise the students with the basics of Software for data management.
2. To equip the students to meet the demands of the industry.
3. To develop practical skills in spread sheet application, statistical software and database application.

Module I: Data – Sources - Data processing cycle – information – information vs. data – value of information in decision making – data processing softwares - (10hrs)

Module II: Microsoft Excel - Excel user interface, starting with excel, working with cell and cell addresses, entering and editing data, finding and replacing data, selecting a range, moving, cutting, copying with paste, inserting and deleting cells, freezing cells, cell formatting options, adding, deleting and copying worksheet with in a workbook, renaming a worksheet, Cell reference – relative, absolute - Elements of excel charts – categories, create a chart, choosing chart type, edit chart axis, titles, labels, data series and legend, adding a text box, rotate text in a chart, converting a chart on a web page, saving a chart (15hrs)

Module III: Advanced uses of Microsoft Excel - Commonly used functions: – logical – AND, IF, NOT, OR, TRUE; Financial – DB, FV, IPMT, IRR, NPV, PMT, and PV; statistical – AVERAGE, COUNT, COUNTIF, MAX, MIN; mathematical – PRODUCT, SQRT, SUM, SUMIF - Pivot tables - Macros in excel creating, adding and editing of macros VBA programming in Excel (an overview) forms in excel. (20 hrs.)

Module IV: Software Package in Social Sciences (SPSS)- Starting SPSS -Terminology –Case, Variables and levels- System missing and user-defined missing values -Identification numbers and case numbers– Procedure- Fundamental definitions– sample, descriptive statistics, nominal scales, ordinal scales, interval scales, ratio scales, quantitative data, categorical or frequency data. Dependent and Independent variables. Parametric and non-parametric data and tests (overview of few tests like chi-square test, ANOVA etc.) (25hrs)

Module V: Microsoft Access - Databases - creating a new database, creating tables, editing tables, entering data into a table, editing data in a table, relationship between tables - Creating a query; types of queries - Creating a report; types of reports, printing reports - Creating a simple form; modifying a form, adding control to a form, searching, sorting (20hrs)

Recommended Practical:

1. Entering and editing data in Excel sheets, formatting worksheets, creating payroll, depreciation statements, loan schedule etc. using excel, financial analysis of a company using excel, create charts for business presentations using excel. Excel forms
2. SPSS – basic skills to input data and taking statistical values like averages and prepare cross tabs and creating charts using SPSS
3. Familiarise with database, primary field, view, query etc. Create database for your educational institution for the purpose of preparing merit list and waiting list for admission of degree students.

Books Recommended:

1. Cox et.al. , 2007. *MS Office step by step*, PHI, New Delhi.
2. Jeremy: *SPSS for windows*, Sage Publications, New Delhi.

SEMESTER - V

Core Course: XI: CO – 1541: FUNDAMENTALS OF INCOME TAX

No. of instructional hours per week: 4

No. of credits: 4

Aim of the course : To impart the basic knowledge and understanding of the concepts and practices of Income Tax Law in India.

Objectives :

1. To familiarize the students about the fundamental concepts of Income Tax
2. To enable the students to acquire the skills required to compute Gross Total Income with more emphasis on income from salary and income from house property.
